17" LCD TV LTV-17v1

Thin, lightweight, and wall-mountable, the new Westinghouse 17" LCD TV not only acts as your television, but also your computer monitor—making it a practical solution for tight spaces in the kid's room, office, bedroom, or kitchen.

Westinghouse

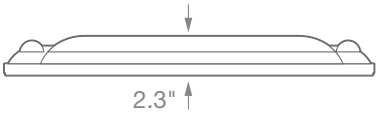
17" LCD TV LTV-17v1

17

The LTV-17v1 offers big features in a slim package, and can be used in a variety of situations. Place it almost anywhere—on a countertop, a desktop, or mount it on a wall. A choice of YPbPr, s-video, composite video and RGB (VGA) inputs lets you connect almost any video device. Watch broadcast, cable, or satellite television, view DVDs or VHS tapes, play video games, or surf the Internet. Replace that aging computer monitor with this brighter, more versatile LCD TV with workstation-class SXGA resolution.

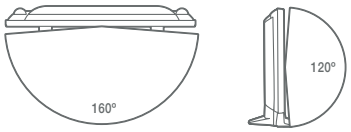
Big, Bright DVD Movies

1280 x 1024 resolution, 350 cd/m² brightness, 350:1 contrast ratio, 14 ms response time, exceptional resolution and inverse 3:2 pulldown for sadder dramas, funnier comedies, more exciting action and happier endings.



Super Thin

Just 2.3" thin when mounted on a wall.



160° Viewing Angle

Super-wide angle means you can still see the game on your way to and from the refrigerator.

Multimedia and PC Connectivity

Multiple connections make for ultimate versatility. Watch TV, DVD movies, VHS tapes, even surf the net or play games through your PC.

Recommended Uses

- The LTV-17v1 can do double duty in your child's room by functioning as his or her TV and PC monitor
- Email and watch current events in your home office
- Save valuable space in your kitchen or bathroom by mounting the LTV-17v1 to a wall
